

STERILISED SPOONS

Where sterile techniques are required for collection of samples, these sterilised spoons are ideal for use with Whirl-Pak® Sterilised Closure bags.

These easy-to-use spoons are made of sturdy, durable polystyrene.

Instructions on how to use

The procedure for contamination-free use is to open the bag, push one spoon up, pull it out, and re-close the bag.

Spoons are packed 20 per bag. Box of 100.
